## About the Summit

The 2006 Summit is designed for Injury Prevention, Public Health, Childhood Education, and all other professionals dedicated to promoting health and safety for children.

Local programs and services will be highlighted. The summit will combine interactive workshops and lectures that will empower participants to make positive changes in their community.

**As a bonus, this year's summit is offered FREE OF CHARGE!**

## The Objectives

At the completion of this summit, the participants will be able to:

- Employ action to create safer environments in their communities.
- Increase their knowledge of injury prevention issues.
- Incorporate elements from interactive workshops into their community programs.
- Create stronger collaborations by participating in and utilizing the networking opportunities provided.
